

Budget Update: Which Side Are They On?

Local 1040 Members,

We've made 10,000 calls to legislators in NJ telling them to support a budget with a millionaire's tax and oppose Steve Sweeney's Path to Progress.

Legislators are introducing a budget today that does not have the "Path to Progress" and funds the pension, **but does not include any tax fairness that will allow us to rebuild services, while they're extending corrupt corporate incentives.**

Call you legislators again at 855-620-8460 put in your zip code and tell them it's time for tax fairness! Support Governor Murphy's budget with a millionaire's tax.

US TO REBUILD SERVICES.**
